

Together International Foundation's mission is to develop « Artists' White Houses » and properties for independent composers, songwriters and painters, where they can come to rest, relax, write, compose, record and broadcast their shows in ultra-modern venues and Web-TV studios.

The Foundation organizes weekly local raffles, with authorized partners organizations, including national MEGA monthly raffles, continental GIGA quarterly raffles and worldwide TERA annual raffles named « Chase the Ace of Spades », in collaboration with the Sovereign Akwesasne Government, in order to help him to build its International Holistic Health and Alternative Medicines Center, with national governments and/or State Lotteries, to help them with their social causes, plus other ones, including affiliated social clubs, non profit organizations, churches, groups, associations, community radios and TV stations, newspapers and magazines.

Participants help many good causes, still having a lot of fun and the chance to win interesting amounts of money.

We'll broadcast TV shows on FaceBook Live, during our MEGA, GIGA and TERA raffles, in the group « Chasse à l'As de Pique - Chase the Ace of Spades », starring WM-MW network artists, Sovereign Akwesasne Government's causes, including participating authorized countries and affiliated organizations' ones.

Monthly, quarterly and yearly raffles and shows will be broadcasted at 7pm, Montreal time, normally on Saturday nights, for North America.

Watch our FaceBook « Chasse à l'As de Pique – Chase the Ace of Spades » site to know dates and times for each country.

As soon as appointed, we'll publish information about our national coordinators for each country.

Together!
